6.	H. Zefirov, former Chairman of the Shanghai Soviet Citizens' Association,
	long-time resident of China, and former White Russian politician who was min-
25X1	ister of Supply under Admiral Kolchak's regime, was always considered by
25X1	Soviet officials as one of the best
23/1	informed persons on emigres in China.
	All preliminary screening of the Soviet population was made by Zefirov and a
05)/4	committee of the Soviet Citizens' Association. This work actually represented
25X1	only one aspect of the whole matter. Each ner-
25X1	son was checked and rechecked
25X1	note: Because of the short time and the number to be checked it is
25X1	questionable that all repatriates were checked and rechecked.)
